## APPLYING Soli FONT IN FINALE™

It's easy to apply **Soli** font to your scores in Finale as an alternative to Maestro font. The following steps are important:

1. You'll need to add the word Soli to the "MacSymbolFonts.txt" file in the **Configuration Files** folder. The location of this folder depends on your OS:
  - **Windows 7, 8, 10:**  
"C:\ProgramData\MakeMusic\Finale 2014.5\..."  
or :  
"C:\Users\[your user name]\AppData\Roaming\MakeMusic\Finale 2014.5\..."
  - **macOS:**  
- "/Library/Application Support/MakeMusic/Finale 2014/..."
2. Go to **Finale > Preferences > Open...** make sure that: "Automatically Sync Files to Symbols Fonts List" is checked.
3. To change the look of your music score into Soli, try **Document > Set Default Music Font >** choose SoliFIN as a music font.
4. Finale 25 and Finale 26 can Auto-Generate Font Annotation (.FAN) informations for future use, so if you encounter a message like below, just click **Auto-Generate** and it's done.

5. You can download Soli font annotation file from here: [SoliFIN.fan](https://norfonts.ma)
